PRIME CONTRACT AWARDS BY STATE

Fiscal Year 1989

**Department of Defense
Washington Headquarters Services
Directorate for Information
Operations and Reports**

~~For sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402~~

DTIC and NTIS identification number for this publication is DIOR/P09-89

FOREWORD

Prime Contract Awards by State is a semiannual publication; however, it was not published for the first half of fiscal year 1989.

This report provides information on Department of Defense procurement actions. Data are broken down into three categories:

- 1) Total U.S. Actions;
- 2) Actions Not Distributed by State; and
- 3) Total State Actions, which is further divided into separate totals for each state.

TABLE OF CONTENTS

Introduction	1
Tables:	
Table 1. Net Value and Percent Distribution of DoD Procurement Actions, by State: FY 1989, FY 1988, and Fourth Quarters FY 1989 and FY 1988	3
Table 2. Net Value and Percent Distribution of DoD Military Procurement Actions, by State: FY 1989, FY 1988 and Fourth Quarters FY 1989 and FY 1988	4
Table 3. Net Value and Percent Distribution of DoD Military Procurement Actions, by State, According to Defense Component: FY 1989	5
Table 4. Net Value and Percent Distribution of DoD Military Procurement Actions, by State: FY 1989, FY 1988, and FY 1987	6
Table 5. Net Value and Percent Distribution of DoD Civil Functions Procurement Actions, by State: FY 1989, FY 1988, and FY 1987	7

CONTRACTS. (E.G.)

iii

INTRODUCTION

Prime Contract Awards by State provides a wide variety of information on all Department of Defense (DoD) procurement actions. Both military and civil functions (i.e., U.S. Army Corps of Engineers--Civil Works) procurements are represented. The data are presented by state and include the net value of procurements awarded to each state as well as each state's percentage of the total for all state procurements.

The total net value of procurement actions for Fiscal Year (FY) 1989 and FY 1988 are shown for all of DoD in Table 1 and for its military components only in Table 2. These tables also provide, for comparison purposes, data for the fourth quarters of FY 1989 and FY 1988. The total net value of military procurement actions for FY 1989 (presented in Table 2) are displayed according to defense component in Table 3. Table 4 displays the total net value of military procurement actions for FY 1987 through FY 1989. Data on the total net value of civil functions procurement actions for FY 1987 through FY 1989 are provided in Table 5.

NOTES ON COVERAGE

Data in this report reflect the net value of debit and credit procurement actions over \$25,000, i.e., terminations, price changes, or other downward adjustments which are deducted from a contractor's total award amount, while modifications and other positive adjustments are treated as increases. Procurement actions include definitive contracts; the obligated portions of letter contracts; and job orders, task orders, delivery orders, or any other orders against existing contracts. Contracts for research and development, services, construction, and supplies and equipment are included. Contracts awarded by DoD to other Government agencies as intragovernmental orders and foreign military sales (reimbursable sales to foreign governments) are also included.

The data base from which information for this report is collected does not include data on those parts of indefinite quantity contracts (except for petroleum products) that have not been translated into specific orders to businesses, those contracts that have not yet become mutually binding agreements between the Government and the contractor, or prime contracts awarded by other U.S. government agencies and financed with DoD funds.

Totals

The United States total in the tables includes all contracts awarded for work performed in the United States. The United States as used here includes the 50 states, the District of Columbia and the outlying areas of the United States. The U.S. outlying areas include American Samoa, the Federated States of Micronesia, Guam, the Marshall Islands, Northern Mariana Islands, Palau, Puerto Rico, the U.S. Minor Outlying Islands, and the Virgin Islands of the U.S.

The subtotal "NOT DISTRIBUTED BY STATE" includes all contract actions of \$25,000 or less for performance in the United States. This subtotal also includes all contract actions, regardless of size, for performance in the U.S. outlying areas and all contract actions for performance in classified locations.

State subtotals include the net value of procurement actions over \$25,000 awarded to each state and the District of Columbia.

Location of Contracts

Contract work is not necessarily performed in the state where the contract is awarded. Most manufacturing contracts have been attributed to the contractor's location where the product will be processed and assembled. When contract work has been performed at more than one plant, the contract has been attributed to the location where the largest dollar amount of work was produced. Both construction and service contracts have been attributed to the state where the work is to be performed. Contracts for transportation and communications services have been attributed to the state where the contractor's home office is located. For purchases from wholesale or other distribution firms, the location is the contractor's business address.

HIGHLIGHTS

There has been a slight decline in total DoD procurement for prime contract awards in the United States since FY 1985. Total prime contract awards for Fiscal Year 1989 totaled \$132,178.3 million, a decrease of \$9,976.0 million (or -7.0 percent) from FY 1988. In FY 1987, the decrease was \$4,991.8 million (or -3.4 percent); in FY 1986, the decrease was \$2,138.1 million (or -1.4 percent); and in FY 1985, the decrease was \$4,247.2 million (or -2.8 percent). The state that showed the largest dollar amount of change in FY 1989 was Virginia with a decrease of \$4,341.3 million or -42.4 percent. Last year, however, Virginia had the largest increase in defense procurement; its increase from FY 1987 to FY 1988 was \$2,430.5 million or 31.1 percent.

In FY 1989, procurement increased in twenty-six states (median increase \$76.9 million) but decreased in twenty-five states (median decrease of \$250.7 million). Overall, the average and median change of procurement for all states in FY 1989 was -\$114.7 million and \$0.4 million, respectively. The following ten states had the largest amount of procurement award dollar change from FY 1988 to FY 1989 (shown from largest increase or decrease to smallest increase or decrease):

(AMOUNTS IN THOUSANDS OF DOLLARS)

STATE	FY 1989 AMOUNT	AMOUNT OF INCREASE OR DECREASE FROM FY 1988	PERCENT OF CHANGE FROM FY 1988
VIRGINIA	\$5,896,749	-\$4,341,262	-42.4
